Hanoi, 30th March, 2024,

To whom it may concern,

This letter is to certify that Mr Thai Binh Nguyen, date of birth: 10/02/1994, was a full-time Autopilot Lead Engineer at Real-time Robotics, Ho Chi Minh City, Vietnam from 01/01/2022 to 31/08/2022. His employment is hybrid (including both remote and on-site) with at least 40 hours per week. His monthly salary is 22.000.000 VND (inclusive of social insurance, medical insurance, and unemployment insurance contribution).

During his employment at Real-time Robotics, he is responsible for the following main tasks:

- Developing and maintaining software for the autopilot system of our multirotor drone platform.
- Designing and building real-time flight simulation systems customized for our multirotor drones.
- Conducting research and implementation of environmental perception and path planning algorithms using onboard cameras and companion computers.
- Analysing flight testing results, and supporting flight operations.

If you need further information related to Mr. Thai Binh Nguyen's employment at Real-time Robotics, please feel free to contact me.

Regards,

A handwritten signature in blue ink, appearing to read 'Quoc Luong', with a long horizontal stroke extending to the right.

Name: Quoc Luong

Position: Founder | CEO, Real-time Robotics
